# Format

Tenuta Passera Marchiotto is located in a strategic position: a stone's throw from the A8 Milano-Laghi motorway exit, it is easily accessible from Malpensa, Varese, Como, Lugano and Milan.

Immersed in lush nature, you immediately notice the care and attention to detail.

It has a 300sqm marquee and a 200sqm indoor hall. The spaces of the Garden, the Courtyard, the Scuderie and the Wood can be used for organizing the various moments of the day.

It is designed for exclusive use: in fact, only one event per day is received, in order to guarantee total exclusivity and privacy for the event.

A large internal parking space is available, so that everyone can comfortably reach the estate and feel at ease and in total relaxation.

# Organization

Experience, love for this wonderful work and infinite dedication are the only way to get an impeccable event. For this reason we have carefully selected the partners to collaborate with, to be proposed to couples who choose to contact us for their most beautiful day.

In order to make your special day come true as you have always dreamed of, the property hopes for the involvement of collaborators already in synergy with the venue: suppliers who know the spaces in every detail and who can best optimize the different dynamics.

If you wish to choose professionals other than those proposed, the property reserves the right to discuss with you.

If you decide to spend such a special day at Tenuta Passera Marchiotto, it will be a real privilege for us to offer you complete advice throughout the organization phase, putting our expertise at your disposal.

We love green spaces that embrace the estate, especially the ancient forest to which we offer access for the photo shoot to the newlyweds. The ceremony is symbolic. The care of the set-up is the responsibility of your suppliers. The chairs (white Chiavarine) are positioned and dismantled by Tenuta Passera Marchiotto at a cost of € 3,00/each.

The atmospheres of the venue can be made even more fascinating with light design installations. It will be a pleasure, together with you, to evaluate its use and the related quote.

All prices are 22% VAT excluded.
